### **1.1 Departmental Portal SAMPADA –**

“SAMPADA” is a comprehensive computerization project for registration and E-stamping of documents. In this system stamp duty is collected through “e-stamps”. The licensed Service providers who are authorized to issue “e-stamps” can also provide the facilitation of search and downloading of digitally signed copies of registered documents. Financial institutions like Banks and Post-offices can also be granted service provider licenses. Any registered user can initiate online presentations of documents for registration. Photographs of parties to the documents are captured by web-camera and thumb impressions are taken by bio-metric device at Sub-Registrar offices. In the electronic Registration System-“ SAMPADA”, facilities such as valuation of property situated anywhere in the state, calculation of stamp duty and registration fee chargeable on different types of documents and slot booking in the office of the Sub-registrars are available. Electronic registration system “SAMPADA” has been implemented all over the State from 01-07-2015. District wise Guideline is available in “Final Guide-line” under “Guide-line” on the home page. Information related to licensed Service Provider in the District can be obtained by clicking the “Service Provider” Tab.
